AGOSTINI PAOLO

DAL 1974 COSTRUZIONE MOBILI D'ARTE

MADE IN ITALY

Our company was founded at San Zenone degli Ezzelini in 1974, thanks to the passion of its founder Paolo Agostini.

Specialised from the outset in the production of high quality art furniture, we are present in the best furnishing and interior design stores, with finely made and finished products following the oldest Bassano tradition.

Today our mission is to find a harmonic link between past and future, between the raw material and the finished product, between the old skills of the artisan crafting wood and technological innovation.
